To Whom It May Concern:

Robert Scarcella is a very conscientious, dependable, self-motivated individual. We have used him as our source for "all things" computer; from trouble shooting to setting up the networks. Robert has done work for us on a consistent basis for almost 10 years and we have found him to be very knowledgeable and great at getting things done right. I would highly recommend Robert for any position that would utilize his talents.

A handwritten signature in black ink, appearing to read "Richard E. Bills", is positioned above the printed name.
